### **Group Records Update**

As Area Group Records Coordinator, I am the keeper of Area 44 Al-anon group information and I am the primary contact between our Area and the WSO regarding our group changes. *All new changes should be channeled through me, preferably through the Group Records Online Change Form. This change form goes directly to me. Not the WSO.* I receive approximately 5 changes per week. WSO receives approximately 3 changes per week, by members contacting them directly.

I have attended all Live Training and On-Demand Training videos that have been available to me since I took this position in January 2024.  
The next AFG Live Training is December 7, 2024.

I take advantage of using the AFG Connects for information as needed.  
I am in contact with the WSO with any information that I need assistance with regarding area groups.

- \*I continue to encourage DRs to use the WSO Online Group Records change form.
- \*I continue to encourage DRs to use their WSO identification number.
- \*I encourage AIS offices to contact me with any information needed that I might have as your AGRC.

### **Statistics**

- \*15 Electronic Meetings
- \*372 In Person Meetings
- \*12 In Person Meetings in No Mail Status (No CMA)
